

What St. Gregory support makes possible: We provide homes and so much more – education and vocational training at our community center.

Once we build a home for a family, education becomes our #1 goal. We want their children to be educated so they will never have to live this way again. Families have access to our community center where adults and children are tutored in all subject areas.

- Adults take education classes and graduate proudly from elementary and middle school
- They learn trades, including carpentry, sewing, cooking and hair styling

“SANTA NEVER CAME TO OUR NEIGHBORHOOD UNTIL YOU CAME DOWN”

How we accomplish what we do with our generous volunteers.

NOT ONLY DO YOUR DONATIONS HELP FAMILIES IN MEXICO, BUT THEY ALSO GIVE OUR AMERICAN FRIENDS THE OPPORTUNITY TO EXPERIENCE WHAT IT IS LIKE TO SERVE AND MAKE A REAL DIFFERENCE IN SOMEONE'S LIFE.

After 11 years, we have developed a process that works! It starts with volunteers who mix concrete to pour the pad. Next, skilled workers frame and add electrical, plumbing, and the roof.

Then our volunteers come back to Tijuana to install the insulation, metal lathe, drywall, and paint.

We have our program set up so that people of any age or skill level can

- Everyone can take computer classes.
- Kids have music classes and are on soccer teams

Twelve children who were living in these shacks now attend college and teach classes in the community center. They were given college scholarships thanks to the generous donations of our sponsors.

Life at the community center opens up a whole new world of learning, opportunity, and community to people who previously could only think about survival.

By promoting education, we are helping these adults and children become self-sufficient, and in turn they are helping to make their community a better place to work and live.

experience the joy of helping others.

Workers from both sides of the border are involved in the process. Essentially, a lot of good people work together to make good things happen!

“I CAN'T BELIEVE YOU ARE BUILDING THIS FOR US AND YOU DON'T EVEN KNOW US”

LIFE IN THE COMMUNITY CENTER
